FORCE-FREE DOG TRAINING + BEHAVIOUR

BASIC TRAINING & LIFE-SKILLS RATES & PACKAGES

Welcome to the journey of unlocking your dog's full potential! Learning new skills in the comfort of your own home or safe location. The skills your dog will learn are sit, down, stay, wait, leave it, drop it, basic leash skills, body handling and information on basic life skills. I'll be there every step of your training journey, offering unwavering support and guidance whenever you need it via WhatsApp or email. I'm not only here to help your dog but to offer my support to you as their guardian.

Please note these sessions do not apply for behaviour challenges and include a very basic mini assessment.
